Adult & Community Education

SPRING 2025

Serving the RSU 40 communities of Friendship, Union, Waldoboro, Warren, and Washington, and the RSU 12 communities of Alna, Chelsea, Palermo, Somerville, Westport Island, Whitefield, and Windsor

www.mace.maineadulted.org

MIDCOAST ADULT & COMMUNITY EDUCATION HIGH SCHOOL COMPLETION

If you left high school before you graduated, you are eligible to earn a high school equivalency diploma by completing the High School Equivalency Tests (HiSET). These tests replaced the GED in Maine in 2014.

The HiSET is a series of tests in five subject areas, including reading, writing, social studies, math, and science. You do not have to take all the tests at once. Instead learning labs prepare you to take each test as you are ready. A passing score is 8 out of a maximum of 20. To receive an official high school equivalency diploma, you need a combined score of 45.

GET STARTED

Set up an appointment with adult education staff for intake, assessment, and advising.

After we get to know you and your goals, you will take the CASAS reading and math tests, which helps us determine your learning level. These are not graded and the score is informational. It helps us get to know you as a unique learner so we can support your educational goals.

Once intake and assessment is complete, you can begin preparing for the HiSET by attending learning labs. A qualified instructor will help you strategize your learning tasks so you get the support you need in the areas you need it.

WHAT CAN YOU DO WITH A HIGH SCHOOL EQUIVALENCY DIPLOMA?

Anything!

If you need a high school diploma to do it, the equivalency one counts exactly the same.

Apply to college, sign up for a workforce training program, check YES on employment applications, and more!

**Email Director Raye Leonard at raye_leonard@rsu40.org
to learn more or schedule an appointment.**

Seeds of inspiration

Welcome to the spring semester of Midcoast Adult & Community Education! We hope to inspire you to a new hobby or passion - maybe even a career - this winter and spring.

We are pleased to partner with The Waldo Theater to offer classes in improvisation, costume design, and playwriting (page 20). These classes will be held at the theater.

Bus driver training returns to RSU 12 in late January with Blake Brown as the classroom instructor (page 22). Location will be determined based on where the majority of participants live. For more information, email me at raye_leonard@rsu40.org.

We are excited to continue offering medical training classes with the Academy of Medical Professions (page 18). Many of the lab portions of these courses are held at Medomak Valley High School.

We hope you will enjoy the following new enrichment classes:

Wooden Spoons, an introduction to whittling with Jessica Steele (page 12). This class filled up right away when we offered it in Boothbay Harbor last year, so don't wait to sign up.

Prosperity & Good Fortune: Chinese Wonton Dumplings with Jeff Mao (page 13). What better way to ensure a lucky 2025?

So Over Overeating with Katie Jones (page 15). Learn how to manage your relationship with food.

Weather for Outdoor Enthusiasts with Alice Bean Andrenyak, Master Maine Guide (page 20). Become a weather spotter and be your own weather forecaster.

American Sign Language, Level One with Martin Samelson (page 20). Morning classes cover the alphabet and numbers, along with other basic hand signs.

You will find these classes and more in our spring brochure. We look forward to seeing you in class!

Warmly,
Raye

Raye Leonard and Betty Cheff

Academic Programs

Adult Basic Education:

If you are interested in literacy and numeracy support, please contact Director Raye Leonard to talk about your specific needs in these areas. As the program grows, we will build classes for ABE students based on their goals. Please email raye_leonard@rsu40.org.

High School Completion:

Midcoast Adult & Community Education's spring high school completion program, based on preparation for the High School Equivalency Tests (HiSET, formerly GED), begins the week of Jan 6, 2025 and continues until the end of May. Spring enrollment is ongoing and continues throughout the semester. Students can sign up anytime. To set up an intake and advising appointment, and CASAS assessment, please contact Director Raye Leonard at raye_leonard@rsu40.org

HiSET Learning Lab, All Subjects

Students may drop in for support in any subject area with individualized instruction that focuses on the areas they need specific help in mastering. Devices are available to borrow during class, but please bring a laptop, if you have one, HiSET Academy login information, and questions. This is a low-pressure learning experience designed to meet students where they are. No appointment is necessary, but students must be enrolled in the program prior to attending. To set up an intake and advising appointment and CASAS assessment, please contact Program Assistant Betty Cheff at betty_cheff@rsu40.org.

Maine College & Career Access

If you have been thinking about furthering your education or exploring a new career path, the Maine College and Career Access Program could be right for you. The MCCA program covers college prep reading, writing and mathematics, in addition to college success skills and individualized career guidance sessions. Preparation for the Accuplacer college placement tests is emphasized in a relaxed and supportive environment. This program is FREE to participants who commit to completing the program requirements. Day and time TBD according to student needs.

For more information, email raye_leonard@rsu40.org.

Finance Authority of Maine’s (FAME) College Access and Financial Education team has put together a series of virtual workshops specifically for adults. All sessions are free, but you must register in advance. An email with a link to the online session will be sent in advance of the class.

**All classes are FREE and online; please pre-register at mace.maineadulted.org
We do not recommend using a smartphone for any of our classes.**

Successful Scholarship Searches & Applications

Scholarships can go a long way in helping students cover college costs, but being successful in the scholarship application process can take some work. In this session you’ll learn to build and work on your own scholarship application plan. You’ll also learn about and try out different scholarship websites, learn how to best use a scholarship information tracker, and learn to avoid some of the challenges of the scholarship process. Students must have an audio- and video-enabled laptop, desktop, or tablet with reliable internet to participate in class.

Instructor: Jessica Whittier, college access counselor
7 p.m. | Wednesday, February 26

Student Loan Repayment Strategies and Pro Tips

There are many different facets to the student loan program that can be powerful in helping you achieve your financial goals but also can be confusing. If you are struggling with your payments, did you know there are several income-based repayment plans as well as deferment or forbearance? Did you know you could get .25% off your interest rate if you sign up for auto-debit on your federal loans? Do you know you can work towards loan forgiveness now if you work for a non-profit, government or tribal agency? Whether you have recently graduated from college or have been repaying your student loans for a long time, join us to learn how to best manage your student loan repayment. Students must have an audio- and video-enabled laptop, desktop, or tablet with reliable internet to participate in class.

Instructor: Nikki Vachon, college access counselor
6 p.m. | Friday, March 7

Adulting 101: For the Love of Money

Adulting is tough. Finances can be one of the trickiest parts of adulthood. Whether you’ve been Adulting for decades or are just getting started, banking basics, spending plans, credit scores and budgeting tools are available to make things a little bit easier. Students must have an audio- and video-enabled laptop, desktop, or tablet with reliable internet to participate in class.

Instructor: Steve Kautz, financial education programs specialist
6:30 p.m. | Wednesday, February 12

Adulting 102: Money Grows

So, you’re on a budget, managing a bank account, and wondering about the next steps in your financial journey. In Adulting 102, we will look at the differences between saving and investing, and if you are ready to invest, how to get started. Other topics will include protecting your assets (insurance), advanced budgeting, and understanding the role economics plays in our financial life. Students must have an audio- and video-enabled laptop, desktop, or tablet with reliable internet to participate in class.

Instructor: Steve Kautz, financial education programs specialist
6:30 p.m. | Wednesday, March 19

All classes are FREE and online; please pre-register at mace.maineadulted.org
 We do not recommend using a smartphone for any of our classes.

NEW Spring Into College Savings: The Alford Grant and Maine’s College Savings Program

Maine families have access to two valuable programs to assist with saving and paying for education after high school: The \$500 Alford Grant and Maine’s College Savings program. While these initiatives offer great benefits, understanding each of their features can sometimes be challenging. Whether you’re a parent, guardian, or student, this session will provide you with information to make the most of these valuable resources. Join us to improve your understanding and take steps towards a successful educational future! Students must have an audio- and video-enabled laptop, desktop, or tablet with reliable internet to participate in class.

Instructor: Steve Kautz, financial education programs specialist
 7:00 p.m. | Wednesday, April 2

Planning & Paying for College

Do you have children who will be looking at college in the next few years or are you considering returning to school yourself? Now is a great time to start thinking about the college financial aid process and ways to boost college savings. The earlier you start, the more confident and relaxed you will feel when it is time to apply for financial aid. Students must have an audio- and video-enabled laptop, desktop, or tablet with reliable internet to participate in class.

arts & crafts

NEW Upcycled Mobiles & Stables

Learn how Alexander Calder created his famous kinetic sculptures, also known as mobiles and stables. Choose among sea shells, pieces of driftwood, or feathers to create a relaxing, balanced piece of art that moves and shifts in the slightest air currents. All materials included. If you have a favorite pair of needle nosed pliers with wire cutters feel free to bring them along. \$10 supplies fee included in price.

Instructor: Chris Toy
5 - 8 p.m. | Tuesday, May 13
Medomak Middle School, Life Skills Room
\$60

Candle Making

Tired of paying crazy expensive prices for candles? Are you looking for a great gift-giving idea? Learn how to make handmade candles with non-toxic soy wax and scented with all-natural essential oils. Each student will receive 2 lbs. of soy wax, wicks, a variety of scents, and containers to choose from, leaving the class with their creations that night to give away or keep for themselves. All materials supplied and included in your registration fee.

Instructor: Heather Grotton-Emerson
6 - 8 p.m. | Tuesday, February 25
Warren Community School, Room 200
\$100

Goat Milk Soap Making

Participants will make a batch of hot press goat milk soap using a variety of molds and having many scents and extra add-ins to choose from. Each person will come out of the class with 4-8 soaps, depending on the choice of mold and the recipe and know-how of how to make future batches at home. Each student will need to bring a dedicated crock pot and submersion blender/hand mixer to the class that night. All molds, scents, and soap materials will be provided by the instructor. Soaps will be ready for pick up the following week, due to curing time. All materials supplied and included in your registration fee.

Instructor: Heather Grotton-Emerson
6 - 8 p.m. | Tuesday, April 8
Warren Community School, Room 200
\$100

cooking

NEW Bao Down to Flavor: Mastering Char Siu Bao

In this hands-on cooking class, you'll dive deep into the art of making Chinese Steamed Char Siu Bao, the beloved fluffy buns filled with savory Chinese BBQ pork. Learn the secrets of creating the perfect bao dough from scratch. Jeff will guide you through each step, from mixing and kneading to proofing, ensuring you achieve that perfect pillowy texture. Master the rich and flavorful char siu filling. Discover the blend of spices and techniques that make this BBQ pork so irresistible. Take a culinary journey through history as we explore the legend of how bao were first invented. You'll hear captivating stories that add a cultural dimension to your cooking experience. By the end of the class, you'll not only have a batch of delicious Char Siu Bao to enjoy but also the skills and knowledge to recreate this traditional treat at home. Whether you're a seasoned cook or a beginner, this class promises to be a fun and educational adventure. Class fee includes a set of traditional Chinese bamboo steamer baskets. (Bao contains gluten and soy)

Instructor: Jeff Mao

5 - 7:30 p.m. | Wednesday, April 16

Medomak Middle School, Life Skills room

\$94

NEW Prosperity & Good Fortune: Chinese Wonton Dumplings

We will make Chinese dumplings with pork filling made from scratch in class. You will learn the multiple styles of folding dumplings using wonton wrappers. Then we will boil the won ton to make a classic wonton soup or chili oil wonton. Additionally, we'll learn to make our own Sichuan-style chili oil and learn about other common Chinese condiments used for dipping sauces. All ingredients, materials, equipment and recipes will be provided. (Plant-based ground meat can be substituted for the pork upon request. The dumpling wrappers include gluten.)

Instructor: Jeff Mao

5:30 - 7:30 p.m. | Wednesday, May 7

Medomak Middle School, Life Skills room

\$72

NEW From Flour to Flavor: Crafting Authentic Potstickers

Learn the fundamentals of making Chinese dumplings at home. You will learn to make fresh scratch-made dough, and roll your own wrappers, and how to fold and pleat them using pork filling. We will then water-fry/steam the dumplings to create this restaurant favorite—pot sticker dumplings. Additionally, you will learn to make your own ginger-scallion oil and the instructor will talk about other common Chinese condiments used for dipping sauces. All ingredients, materials, equipment and recipes will be provided. (Plant-based ground meat can be substituted for the pork upon request. The dumpling wrappers include gluten.)

Instructor: Jeff Mao

5:30 - 7:30 p.m. | Wednesday, May 14

Medomak Valley Middle School, Life Skills Room

\$72

NEW Maple Tree Delights & Sweets Workshop

It's that time of the year when the sap comes up from the roots of a maple tree and starts to feed the tree new buds. This is when we tap the maples to gather the sap and boil it down to make maple syrup or other yummy, sweet products. Join me to learn the basics of maple syruping and how you could start making your own maple syruping in your own backyard!

Instructor: Jessica Steele

4:30 - 8:30 p.m. | Monday, March 3

Medomak Valley Middle School, Life Skills Room

\$77

cooking

NEW Dandelion Foods & Tea Workshop

Did you ever know all the amazing things you can make from dandelions? Join us in this class to learn how to collect and process these amazing plants. Learn recipes with dandelion greens, how to use dandelion flowers to make jams, teas and wines, and all the beneficial properties of dandelion roots. We will taste, create and make some delicious dishes!

Instructor: Jessica Steele

4:30 - 8:30 p.m. | Tuesday, May 20

**Medomak Valley Middle School, Life Skills Room
\$85**

Wok & Cleaver Boot Camp

Participants will learn how to season, care for, and use a Chinese wok and cleaver. The recipes for the class will include stir-frying, oven-roasting, and preparing steamed rice. Each student will take home a specially selected kit including a lightweight cast iron wok, wok spatula, carbon steel cleaver, honing steel, a heavy-duty cutting board, and one of Chris Toy's 6 cookbooks. The retail value of the kit is \$230. (Those in the know bring containers just in case!) Chris Toy is the author of 6 popular cookbooks, a private chef, and has taught Asian-fusion cooking for several Maine community education programs.

Instructor: Chris Toy

5 - 8 p.m. | Tuesday, April 8

**Medomak Middle School, Life Skills Room
\$195**

Chocolate Extravaganza

Chocolate is good for you!! It's full of antioxidants not to mention flavor that can't be beat. Debra will tell you the history of this important ingredient and guide you through making decadent easy fudge sauce (perfect gift idea!), white chocolate macadamia nut cookies, and molten lava cakes. Recipes and generous samples guaranteed. We will be able to eat these items warm from the oven with ice cream. Sign up early so you guarantee a spot in this yummy fun class. Bring bags or containers to take home what we bake.

Instructor: Debra Arter

5:30 - 8:30 p.m. | Monday, February 10

**Medomak Middle School, Life Skills Room
\$55 (includes \$10 materials fee)**

13 Types of Rolls in 3 Hours!

Who can resist the smell of fresh bread baking? In this one-night class we will learn how to mix, knead, proof and shape yeast dough into both savory and sweet treats. Participants will learn how to create cloverleaf rolls, butter crescents, cinnamon swirls, tea rings, caramel pecan rolls and whole-wheat buns as well as an economical savory braid that comes together quickly. You will learn what gluten is about! Various yeast bread tricks will be shared and discussed. Each student will go home with a basket of yummy warm sample as well as dough to bake at home. All baking levels are welcome for this hands-on class. Bring an apron, and some plastic tubs/ large bags to fill and take home.

Instructor: Debra Arter

NEW So Over Overeating

Learn the difference between urges and cravings to eat versus true hunger in this three-week series. Participants will learn how to use the hunger scale to prevent overeating. Participants will also learn how to manage food cravings to reach health or weight loss goals; how to have a future-focus; and how to enjoy treats and special foods while still making progress toward goals. Session 1 will focus on the two main challenges of overeating; Session 2 addresses the hunger scale and managing urges. Session 3 features transforming “learning moments.” Registration includes replay access. Attend one session or sign up for all to get the greatest benefit. Students must have an audio- and video-enabled laptop, desktop, or tablet with reliable internet to participate in class. We do not recommend using a smartphone.

Naloxone Administration Training

Keeping Naloxone (Narcan nasal spray) on hand can help save a life. Having a kit nearby could help a friend, family member, or someone in the community in the event of an emergency. This Narcan administration training will guide you through how to use Narcan, as well as helpful information on opioids and how Narcan interacts with these substances. This training is free, on behalf of Healthy Lincoln County, a tier two distributor of Narcan in the State of Maine. Upon completion of this training, you will receive one kit, with two doses of Narcan, to add to your first aid kit or AED box. Additionally, you will receive supplemental resources to have on hand should you want to review what was discussed in the live training event.

Maine Death with Dignity

There is still a lot of misunderstanding and misinformation about Maine’s compassionate end-of-life care option. Many providers and patients in Maine are still not familiar with Maine’s Death with Dignity Act. In effect since September 2019, the law permits physicians to practice medical aid-in-dying under specific circumstances. Know the facts and, if qualified, the right to access medical aid in dying if they choose. Join this class to get fact-based information and all the details you need to know about Maine’s law, how to have the conversation with your physician, and how to qualify for the law or support your loved one who may qualify. No materials/supplies required. You will receive a link to login online for this class. Students must have an audio- and video-enabled laptop, desktop, or tablet with reliable internet to participate in class. We do not recommend using a smartphone.

Medicare 101

Questions about Medicare? Join Jo-Ann Neal for this informational seminar outlining the basics of Medicare. Jo-Ann will answer your questions including what Medicare does and does NOT cover when to enroll, the difference between Medicare Advantage and Medicare Supplement Plans, and which plan is best for you. Following the presentation, Jo-Ann will be available for a question-and-answer session. Students must have an audio- and video-enabled laptop, desktop, or tablet with reliable internet to attend online classes. We do not recommend using a smartphone. Jo-Ann Neal of Allen Insurance and Financial is a licensed insurance agent specializing in Medicare. Jo-Ann joined Allen Insurance and Financial in May 2013, bringing with her 10+ years of human resources and benefits administration experience. In 2016, she earned a Benefits Account Manager certification from the National Association of Health Insurance Underwriters and became appointed to work with customers on Medicare plans.

Instructor: Jo-Ann Neal

NEW Building Better Caregivers

This six-week class meets once a week for two and a half hours. Each class includes a new topic designed for family caregivers. The class is a combination of presentations, discussion, and activities with others who have similar experiences. Participants make weekly action plans, share experiences, and help each other solve problems they encounter in creating and carrying out their plan.

Instructor: Monica Hawk

Adult First Aid

First aid training is designed to teach people the basic principles and techniques to provide immediate help if they witness a serious injury or illness. The goal of first aid is to preserve life and prevent the condition from worsening, in the safest way possible, until professional medical help is available.

Instructor: Andrew Eckman

6 - 9 p.m. | Tuesdays, beginning March 31 for two weeks
Medomak Valley High School
\$65

Pediatric First Aid

This module is required for persons seeking licensing as day care providers. First aid training is designed to teach people the basic principles and techniques to provide immediate help if they witness a serious injury or illness. The goal of first aid is to preserve life and prevent the condition from worsening, in the safest way possible, until professional medical help is available. This module concentrates on medical emergencies commonly suffered by children, like falls, poisonings, musculoskeletal injuries, etc.

Instructor: Andrew Eckman

Basic Life Support (for Healthcare Providers)

This program does NOT contain a first aid component. It ensures that individuals with a duty to respond (public safety professionals, healthcare providers, and others) have the knowledge and skills necessary to respond to breathing and cardiac emergencies. Updated coverage of CPR, AED, cardiac arrest, respiratory arrest, airway adjuncts, "Team CPR," and Naloxone (Narcan®). A focus on soft skills, with additional coverage relating to team-based resuscitation. This program is accepted for continuing education credits by CAPCE and NREMT for EMS personnel, and by most state agencies and licensing boards.

Instructor: Andrew Eckman

6 - 9 p.m. | Mondays, beginning February 3 for three weeks

**Medomak Valley High School Library
\$120**

Basic Life Support (for Healthcare Providers) Recertification

This is a recertification course for the Basic Life Support program. Prior to class, participants MUST present a valid certification from one of the following entities American Heart Association (AHA); American Red Cross (ARC); Canadian Red Cross; Health and Safety Institute (ASHI, EMS Safety); Emergency Care and Safety Institute (ECSI); National Safety Council (NSC).

Instructor: Andrew Eckman

6 - 9 p.m. | Monday, January 27

**Medomak Valley High School - Library
\$95**

CPR/AED - Adult/Child/Infant

This program does NOT include first aid recertification. Cardiopulmonary resuscitation involves a series of lifesaving procedures designed to maintain blood circulation and oxygenation in someone whose heart has stopped. By performing CPR in an emergency cardiac arrest situation, you

can keep someone alive until professional medical help arrives. An Automated External Defibrillator, or AED, is an electronic device that analyzes the heart's rhythm, and if an abnormal rhythm is detected, delivers an electrical shock, stopping the heart and allowing it to reset. When used in conjunction with CPR, a patient's chances of survival are greatly increased.

Instructor: Andrew Eckman

6 - 9 p.m. | Monday, March 3, for two weeks

**Medomak Valley High School - Library
\$100**

Behavioral Health Professional Certification

Children's behavioral health services are vital to Maine's children with intellectual disabilities, autism, and mental health disorders and their families. As an integral part of the child's treatment team, a Certified Behavioral Health Professional (BHP) has the opportunity to make an immediate impact while helping a child grow and develop to their full potential. This online training will equip you to successfully help children who are currently on a waitlist for services. The training will prepare you for employment through local social services agencies. The program can be started at any time and finished at your own pace. You will complete 12 online modules then two 4-hour live sessions. Once the modules are completed, you will receive free online bloodborne pathogen training and virtual first aid & CPR training if you do not already possess those certifications. The entire training requirements will take about 45 hours. Assistance with job placement is provided to anyone who completes the program. Assistance with technology may be available. Prerequisites: A high school diploma or equivalency. Proof of education is required. Must be 18 years of age or older upon completion of the course. Email betty_cheff@rsu40.org for information.

Instructor: Woodfords Family Services

Self-paced and asynchronous

Online

Free

healthcare training

Academy of Medical Professions takes place online via live Zoom sessions and/or they are self-paced. Courses are all inclusive: Books, reference material, national certifications, practice exams and online resources, live instructors, and support for self-paced students are included in tuition. Tuition for Clinical Medical Assisting and Phlebotomy may be

covered by a grant from Healthcare Training for ME and require in-person clinical lab experience with locations in Brunswick, Ellsworth, among others. Payment plans are available for all courses and funding may be available from WIOA/voucher approved organizations like Goodwill, MyCAAS, Maine Department of Labor, EMDC/HOPE, and others. Contact Midcosat Adult & Community Education for more information about funding.

To register, please email:
info@academyofmedicalprofessions.com.

Field Guide to Old Houses & Barns

This is a course for people who have an old house and/or an old barn, want to, or just love them! The first session is in the classroom. After that, meetings will be held in the old homes and barns of class members. There will be as many sessions as are required to visit the houses of class members who want their houses visited. The last class will be a potluck supper at the instructor's house, where class members can visit the historic features of Alna, see the instructor's cabinet-making shop and barns, and delve into his reference library on early buildings. Les Fossel is one of Maine's foremost experts on early buildings. His award-winning business has specialized in preserving our early buildings since 1975.
